

RED WINE CLUB

Founder John Weisinger established Weisinger's Winery in 1988 with the vision of producing quality wines that reflect the rich varietal flavors of the Rogue Valley. Today, Weisinger's Winery continues to produce some of the finest wines in Southern Oregon. Weisinger's Wine Club allows members to purchase the finest offerings at special discounted prices, often before being released to the general public.

HOW DOES THE WINE CLUB WORK?

Six times a year (January, March, May, July, September, November) a wine is selected & sent to members. Included with each selection is valuable information detailing the harvest, the vineyards and the wine, as well as unique recipes created specifically for pairing with each selection. Members may choose to pick up their Wine Club selections at the winery or have the selections shipped to them. Remember that UPS requires an adult (21 yrs. or older) signature for all alcoholic shipments. Therefore, we suggest shipping to your business address. Due to the limited production of some Wine Club wines, pick-up members have 8 weeks to pick up their Wine Club selection. After that time, another wine may be substituted if a prior selection has sold out. Wine Club shipments may be temporarily postponed to certain places due to extreme hot or cold weather.

If this occurs, affected members will be notified.

PAYMENT

Once you become a Club member, an account is set up for you using a credit card. On the months of Wine Club selections, your account will be billed automatically, usually within the first 5 business days of that month. Wines range in price from \$20 to \$30 per bottle. Members who have chosen to have their wines shipped to them will also be billed a shipping and handling fee. If you wish to cancel your Wine Club membership, an email or other written notification is required 30 days prior to the next shipment. Membership cancellations less than 30 days prior to the next shipment will be cancelled after that upcoming shipment.

WHAT OTHER BENEFITS DO I RECEIVE?

All members receive 15% off Wine Club selections, as well as 10% off Weisinger's regular tasting room wines year-round (with 20% off cases). Other benefits include priority invitation to Wine Club events, an invitation to our annual Wine Club Dinner, free tasting for you and your guests and discounts on any stay in our Vineyard Cottage. Members who refer others to our Wine Club also receive a complimentary bottle of wine. We invite you to join today!
